COMPANY PROFILE

THE MARKET LEADERS IN SECURITY AND SURVEILLANCE INDUSTRY

Company History

Mighty Solutions was founded in 2015 and for over 8 years, we have reliably supplied and installed fully integrated security solutions including CCTV Cameras, electric fences and concertina (razor) wire systems, access control systems, alarm systems and automatic gates among others.

We are able to protect everything from small offices, homes and schools to large multi-national organizations and high security government facilities.

What We Do

Mighty Solutions supplies, installs and maintains leading edge security solutions to protect your staff, assets and premises

OUR VISION:

To be the leading security technology company in Eastern and Central Africa.

MISSION:

To deliver the best, efficient and affordable security and technology solutions in the markets we serve

OUR PRODUCTS

CCTV CAMERAS

Video surveillance solutions can help reduce crime and provide valuable insight and documentation for businesses. At Mighty Solutions, we can design, install, maintain and upgrade a wide range of CCTV solutions to meet businesses' specific needs and budgets, from large enterprises to local business security platforms, from simple camera solutions for small offices to complex enterprise-class video surveillance systems for large campuses.

AUTOMATED GATES

Automated gates are sometimes referred to as electric gates or remote gates in Kenya. They operate by sliding on a rail that is installed on the ground. Wheel are fitted on the gate and this makes it easy for the gate to slide along the rail while opening or closing. Apart from using a remote control to open the gate, you can also use your phone to have the gate opened. This is done by simply sending an SMS e.g. OPEN. It helps in quick entry and exit especially in emergency situations.

ACCESS CONTROL

Biometric Access control systems are security devices that control entry to a premise. This can be used for home and commercial security in Kenya. The biometric door lock system utilizes finger print reader technology to lock and unlock your door. You can always set, re-set or remove the fingerprint access information on the device.

ALARM SYSTEMS

Mighty Solutions has both standard and GSM security alarm sensor systems that detect movement when a door or window is opened. The sensor then triggers a strobe light or siren, indicating that someone may be trying to break in. Motion detectors can monitor large areas in a house or business premises. In the event of any movement within its range, the device sounds a siren or sends a distress signal to programmed phone numbers for response. The intelligent motion detectors can tell the difference between an intruder and a family pet.

ELECTRIC FENCES

Our product, is an electric fence that provides the ultimate in perimeter security supplying not only effective detection but also a psychological deterrent. The controller is compatible to monitored alarm systems, the fence can be detected by zones, currently up to four. False alarms are virtually non-existent, as the fence will only go into alarm when a concerted effort is made to break the perimeter security. It is cost effective, simple to operate and proven security system.

RAZOR WIRE FENCES

The points of a razor wire are very sharp and made to rip and grab onto clothing and flesh. The multiple blades of a razor wire fence are designed to inflict serious cuts on anyone attempting to climb through and therefore have a strong psychological deterrent effect. Razor wire is used in many high-security applications because, although it can be circumvented relatively quickly by humans with tools, penetrating a razor wire barrier without tools is very slow and difficult, giving security forces more time to respond.

OUR CLIENTS

Some of our notable clients include:

- Zetech University
- OLM Shauri Moyo Girls High School
- Emammy School
- IPPF Africa
- Five Star Gardens Estate
- Management Sciences For Health
- Africa Healthcare Network
- Tropical Mac EPZ
- Jacaranda Maternity Hospital
- Manguo Secondary School
- Decomagna Ltd
- Muringa Estate
- Hela EPZ
- Atlantis Group
- Jamal's Auto Hardware
- Runyenjes Women Trust Fund
- Galaxy Hospital Ltd- Kajiado
- Atticon Limited
- Brandfirm Limited
- Habesha Ethiopian Restaurant
- Al Aswad Hotel Ltd
- Njogoo Auto Parts
- Ark Group Limited
- eManage Africa Limited

Among many others
